

ISASP Bulletin – COVID-19

March 19, 2020

Dear Iowa Educators:

Following Governor Kim Reynolds' recommendation to close Iowa schools for four weeks due to COVID-19, we have been receiving questions about ISASP testing from schools and districts that will be closing. Testing is suspended until further notice. Guidance and updates will be provided as more information on the COVID-19 situation in Iowa becomes available. If your school or district has paper testing materials, please lock these materials in a secure storage area.

Thank you,

Iowa Testing Programs
