

ISASP Student Registration

PearsonAccess^{next} has been initially populated with your district's student data, obtained from the Iowa Department of Education's SRI system. This is the student data you uploaded for the Fall Certified Enrollment process. Coordinators are responsible for verifying that the information is correct and updating student testing information, as needed.

The initial student load will assign all student to the applicable tests for their grade. For instance, a grade 3 student is assigned the Grade 3 Reading, Language/Writing, and Math tests; a grade 5 student is assigned the Grade 5 Reading, Language/Writing, and Science tests.

All students are loaded/indicated as testing **PAPER**.

- For districts testing paper, update student information, as needed.
- For districts testing online, update student information, as needed, AND indicate/change the student as testing online.

Whatever data is in PearsonAccess^{next} **January 18, 2019** will be used to determine:

- 1.If you receive an initial shipment of paper test materials and
- 2.What is included your initial shipment of paper test materials

It is possible to test a student on paper for one test and online for another. This is a district decision. You will indicate the student by test if they are taking online or paper.

For districts testing paper:

- Your district will receive the paper materials for any students indicated as testing paper based on the district-designated testing window you entered in PearsonAccess^{next}.
- You will have the ability to place an additional order of paper test materials, if needed, in February entered in PearsonAccess^{next}.

For districts testing online:

- You need to indicate students as online by 1/18/19 so that you do not receive paper materials.
- You can update other student information/accommodations, such as text-to-speech, up until the student will test.

Accommodated paper test materials:

- For any students needing paper accommodated test materials (large print or Braille) you'll work with the Iowa School of the Blind to get the materials. These materials will NOT be included in your initial shipment.
- For any student needing Spanish paper testbooks, you will be able to place an additional order in PearsonAccess^{next} in February.
