

**Math Practice Test Constructed Response Rubric Grade 7**

A summer camp had 440 campers register this year. This is a 10% increase over the number registered last year.

Write an equation relating 440 and  $c$ , the number of campers registered last year.

Write your answer in the space provided.

Solve the equation for  $c$  to determine the number of campers registered last year.

Write your answer in the space provided.

Rubric	
Score	Description
<b>2</b>	ONE point: $(440/c) = (110/100)$ or any equivalent equation AND ONE point: $c = 400$
<b>1</b>	$(440/c) = (110/100)$ or any equivalent equation OR $c = 400$
<b>0</b>	The response is incorrect or irrelevant.
